W. DUNDAS HAS LONG STRUGGLE TO SAVE TEAM FROM WATERY GRAVE

Whilst out hunting coyotes last Thursday W. Dundas had the misfortune to break through the ice of Salt Lake. He was driving his team and cutter following the dogs, and had driven a considerable distance over solid ice. Without the slightest notice he found his horses down through the ice at a point some forty-five yards from the shore. The depth was about twelve feet, and it was only by the most strenuous efforts that Bill saved his horses from a watery grave. He had to break the ice all the way back to the shore with a rock the only thing available. On their arrival at safety both man and team were played out, but have made a safe recovery.

ST ANDREW'S SOCIETY

A meeting of the members of the St. Andrews society was held in the office of Mr. A. E. Keith Saturday afternoon. Owing to the gathering not being fully representative it was decided to postpone the business of the annual meeting to a special meeting to be held at A. E. Keith's office at 2 p.m. Saturday December 13th.

"LAWFUL LARCENY"

A Rhymed Review
Friend wifey warned him to go slow;
A lovely vamp was on his trail
With plans to amputate his dough—
A game at which she did not fail.

His money gone, ambition fled.
His wife did not break down in tears,
Out-vamped the silken vamp in stead
And stole his money back (loud cheers.)

"It's just as culpable a wrong
To steal a husband's love, said hhe.
"As for his wife to rob your-
Box. Call it 'Lawful Larceny' "

The story's tense: the acting's there—
Hope Hampton, Nita Naldi, Lew
Cody, Conrad Nagel share
The honors. Here's a treat for you.

RURAL MUNICIPALITY OF MANITOU LAKE NO. 442

TO THE RESIDENT RATEPAYERS,

An estimate of Expenditure is made yearly by the Council and upon that estimate as finally approved the tax levy of the Municipality is based.

Every year one of the items under consideration is that of Public Health expenditures, and as this expenditure can pile up in a year in the most alarming manner, should there be any sickness in the Municipality, there is usually a very fair estimate allowed for this item.

In the year 1921 Public Health expense was \$126.25; in the year 1923 this jumped to \$943.75; and for the first ten months of 1924 the expenditure has been \$739.27

Our Medical Health Officers have stated that a good deal of sickness has been caused by people not taking proper precautions and by there being a great slackness in the manner of reporting Communicable Disease; and this lack of regard for the health of the community is one of the causes of the heavy expenditure; and that is by no means the worst part of it.

The Council are by virtue of office a Municipal Board of Health but the efforts put forth for the health of the District are as naught if the individuals in the district do not shoulder the responsibility which is their's in the matter of the protection of the Public Health.

The Public Health Act places upon each householder the responsibility of the reporting of Communicable Disease, and it is the wish of the Council that reporting be done promptly and that precautionary measures be taken by anyone suspecting disease until they know whether there is any cause for action or not.

The Council do not wish to cause unnecessary hardship or inconvenience to anyone, but it must be remembered that when the Health of the District is threatened they cannot consider the pleasure or convenience of the individual, and it should always be remembered that the Council are but elected members of yourselves trying to do their best in the interest of the whole community.

Enclosed you will find a Health Card and a bulletin which the Council have obtained readily from the Department of Public Health and the School Hygiene Department when these departments knew to what good use they were to be put. It is asked by the Council that these be kept handily by in the home and referred to when thought necessary, and each householder is asked by the Council to give serious consideration at all times to matters pertaining to the Public Health.

We have had disease in the district, and so far have been very lucky at not having more deaths than we have had. The disease has been in mild form and for that reason was all the more dangerous.

In closing I would ask that you give to the Council your whole hearted sincere co-operation in the matter of maintaining the health of yourself and district, and the reduction of expenditure caused by disease in your Municipality.

Yours very truly,
W. L. BERRY, Reeve

The love that some wives get is merely an appreciation of the fact that they are useful.

The divorce evil might be worse. They might issue transfers with the marriage licenses.

For Mud and Slush You Need These Rubber Boots

Every farmer—every member of his family—every man who works out doors in all kinds of weather—needs the dry, foot-comfort given by RHINO boots. For use on the farm, RHINO Rubber Boots are easy to wear because they're ounces lighter in weight.

This footwear is made from RHINO Rubber—the toughest

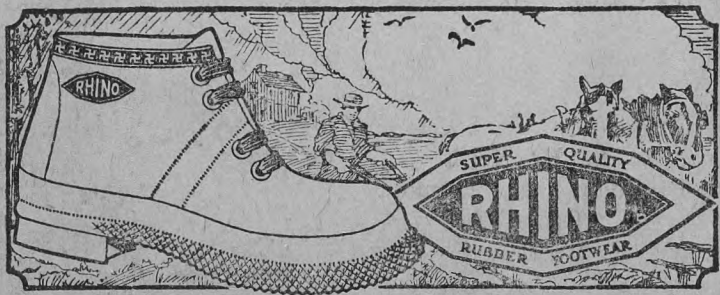

and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber.

RHINO Rubber Footwear is built for long wear, otherwise the iron-clad guarantee couldn't be given with each pair. We stand behind it because it means full value for your money.

The next time you need rubbers ask us for a pair of RHINO.

Westinghouse Radiola III-A

The **RADIOLA IIIA** in a new, high grade regenerative receiving set, using four WD-11 tubes, arranged as a detector with two stage audio frequency amplifier, the second stage using two tubes in the balanced, or push-pull circuit. The apparatus is mounted on an attractive panel of durable material and is enclosed in a solid mahogany case. A flexible cable is provided at the rear so that batteries may be placed in a convenient position. This set should prove to be one of the most suitable for both rural and town fans as it operates entirely from dry cells and will operate a loud speaker quite efficiently on Canadian and States stations, often bringing in stations such as Pittsburg, Penn., and Schenectady, N.Y. so they can be heard all over the room. **RADIOLA III-A** complete with tubes, phones, batteries and aerial equipment. Price delivered **\$88.50**

Westinghouse Radiola III

RADIOLA III the same set as Radiola III-A except that it is a two tube outfit, the balanced amplifier being omitted. This set is more economical than the Radiola III-A and where a loudspeaker is not desired, this is the ideal set to bring in both near and distant stations. **RADIOLA III** fully equipped with tubes, batteries, phones and aerial equipment. Price delivered **\$51.00**

The above set may be added to at any time by buying the Radiola Balanced Amplifier. By adding this you make it as powerful as Radiola III-A

The Stanmore Christmas Tree, concert and dance will be held Monday, December 22nd.

MANITOU LAKE RATEPAYERS MEETING

The annual ratepayers meeting was held Monday at Cliffe school Mr. Max Campbell was elected chairman and Mr. K. W. Coe as secretary.

The provisional balance sheet was fully discussed and the assets over liabilities was nearly

\$50,000 and the actual balance for the year nearly \$2,000, which was very satisfactory.

Discussion on the taxation of the C. P. R. right of way resulted in the following resolution being adopted on the motion of P. M. Chapman, seconded by C. S. Newport: "That the council at their next meeting be asked to take the valuation off the right of way, approx. six acres."

Further discussion on the government road allowance north east of Marsden brought the adjournment for lunch, during which nominations for the reeve, councillors for divisions 1, 3 and 5 were called for (these appear in

another column).

The chairman then asked the various candidates to address meeting. W. L. Berry (the present reeve contented himself by answering questions, which were numerous. Mr. P. M. Chapman said that if elected it would be his endeavour to carry out the duties of reeve in a systematic way. His past performances were known to all, and he further expressed the opinion that the present taxation should be lower still.

For division 1, only Mr Rodgers spoke, and from appearance he is a forceful and earnest speaker. His remarks were listened to

with great attention and interest.

For division 5, Clr Geo. Mitchell said he was only induced to accept a nomination by the fact that he did not approve of the rural interests being served by a resident of Marsden. This seemed to be the opinion of the gathering judging by the applause that followed this statement. The meeting then adjourned.

Parcels & Foxwell still ship hogs and cattle as may be seen by the number of hog sleds in town last Thursday when they shipped out a car of hogs.

MARKETING OF STEERS IN GREAT BRITAIN

The twenty-four steers in the winter feeding tests at the Scott Experimental Station during the winter of 1923-24 were included in an experimental shipment of 140 cattle to Great Britain in May. The consignment was made up of cattle from the Experimental Farms at Lethbridge, Alberta, Scott, Sask., Rosthern, Sask., and Lennoxville, Quebec. These cattle were utilized for winter feeding experiments and were representatives of the class of cattle available for the overseas trade in the districts from which they came.

The reader who desires full information on the different phases of the cattle shipping industry should consult Pamphlet No. 39 on the experimental shipment of live stock and chilled beef made in May, 1923, and also the report of the experimental shipment of store cattle to Great Britain, May 1924. These reports may be obtained from the Publications Branch, Ottawa.

The steers shipped from Scott consisted of twelve yearlings and twelve two-year olds and it was thought that the local beef traders would be interested in the comparative net profits from yearlings and two year olds when marketed in Great Britain as compared with selling them on the Winnipeg market.

COST OF SHIPPING TO MONTREAL

It cost \$13.67 per head to take steers to Montreal, or \$1.29 per hundred pounds. This cost included freight and other rail charges as well as attendant charges of \$2.50 per day.

Elevator Notice

Notice is hereby given that the Elevators at Chauvin district will be closed for the Christmas holidays, December 25th to January 1st inclusive.
